A COLOSSAL ISLAND WHERE MANY DIFFERENT SPECIES LIVE TOGETHER
HEXAGON ISLAND

EVER SINCE THAT DAY 5 YEARS AGO

EVERY NIGHT, MONSTERS IN THE FORM OF DEVILS ATTACK

FOR SOME REASON, THEY DEVOUR THE SOULS OF HUMANS

WHILE THE AMOUNT OF THESE MONSTERS GREW

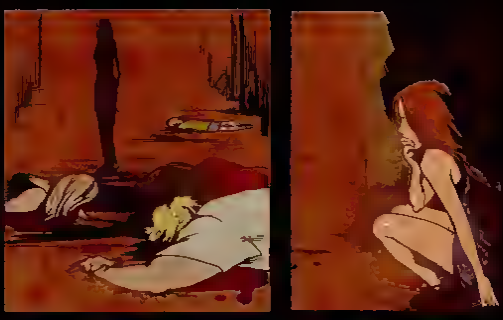

IT BECAME KNOWN THAT THEY, IN THE BEGINNING, WERE HUMANS.

BY COMBINING THE WORDS DEMON AND HUMAN

'DEMAN'

ARE WHAT THESE CREATURES ARE CALLED

THESE DEMANS COULD NOT BE CONTROLLED BY THE GOVERNMENT OR IT'S ARMY,
AND DAY BY DAY CIVILIANS CONTINUED TO LOSE THEIR LIVES

JUST ONE THING,
SUNLIGHT WAS THE ONLY THING THAT DEMANS COULD NOT ENDURE

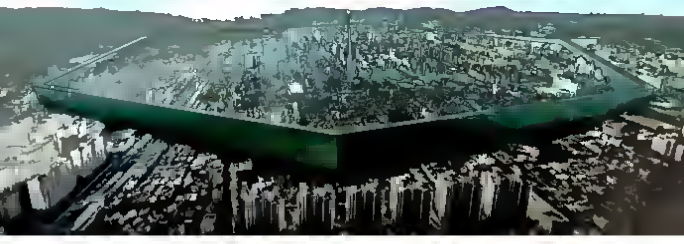

SO THE GOVERNMENT DEVELOPED A
SOLAR CITY FOR THE REMAINING FEW

'HEXAGON FIELD'.

How's your neck?
It hurts...

It'll get better soon. It's healing now.
Umm...

Is this a hospital?
Ah,

It's not a hospital, but I am a doctor.
I'm Dr. Young-Sam Jin.
SO YOU ARE A DOCTOR!! DID YOU SAVE ME?
No.
Not me, there's this other bastard.
We both hunt demans at night. Well, as many as we can.

The one who saved you is the tall one called "Rainold Burger." He fights pretty good.
Most people around here refer to him as "Rano".

Oh, really?
I never saw anyone who actually fought with demans...!

Then where is this other person? I would at least like to express my gratitude...
He's sleeping.
He doesn't get much of it at night.
Then...

Known to be so scary that children can't even cry when seeing him...

I'm Miena Harris.
Rano.
I'm Yuzuru.

That's odd.. Young-Sam shouldn't have any friends...
Just how long ago are you talking about...??

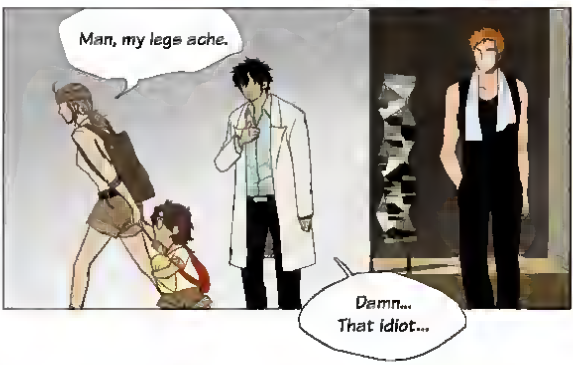

Miena was my fellow collega student. I called her because there's something wa have to research together.
She might be with us for a couple days. That's okay with you, right?
Ah, well...
Of course it is. This is my house after all.
Anyways... what's up with your clothes?
Looks like you're going to go explore the wilderness or something.
?!
Have you heard of Metal Slug? You look just like...
HEY!! HOW DARE YOU CRITICIZE ME WHEN YOU'RE WEARING THAT UGLY SHIRT?!!!
GRAB
Don't diss the shirt... When have you ever been warm to anyone..
Screw you.

Good point though. The wilderness part is wrong but exploring is close.
Actually, I'm an archeologist. This is my uniform.
Uh...? Wait, What?

I'm going to bed now

Ah- alright alright.
It seems like you haven't slept all day. Get some rest.

And also,
It'd be for the best if you didn't take what that guy said seriously.

Well, it can't be helped if you're bothered by it
But Demans were never ones to be trusted...

I'm not bothered.

Huh?
I'm not bothered.
I don't trust them, like you said.

Whether they're Deman or Human...
I don't need to be sure about anything until I see it with my own eyes.

Anyways,
SLAM!
Why the heli do you live outside the fieid? On top of living in this dangerous country?!!
Ah, sorry.. but my house is pretty safe

If it's you, you should have easily been able to set up a lab in the field and make a living.
Tha hospital? what happened to tha hospital?

Miena.

It's been some time since the hospital shut down 5 years ago.
Luckily, you were out of the country at that time.

Before the field existed... Some crazy things happened on hexagon island.

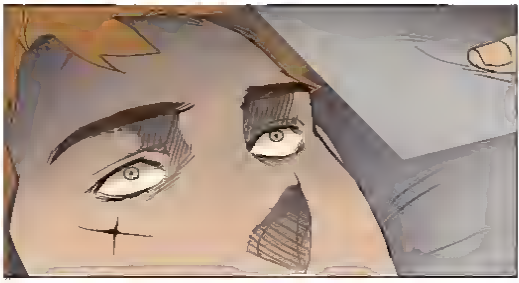

You don't know how it was then.

I also had to give up the hospital, but that was nothing compared to all the crazy things then.

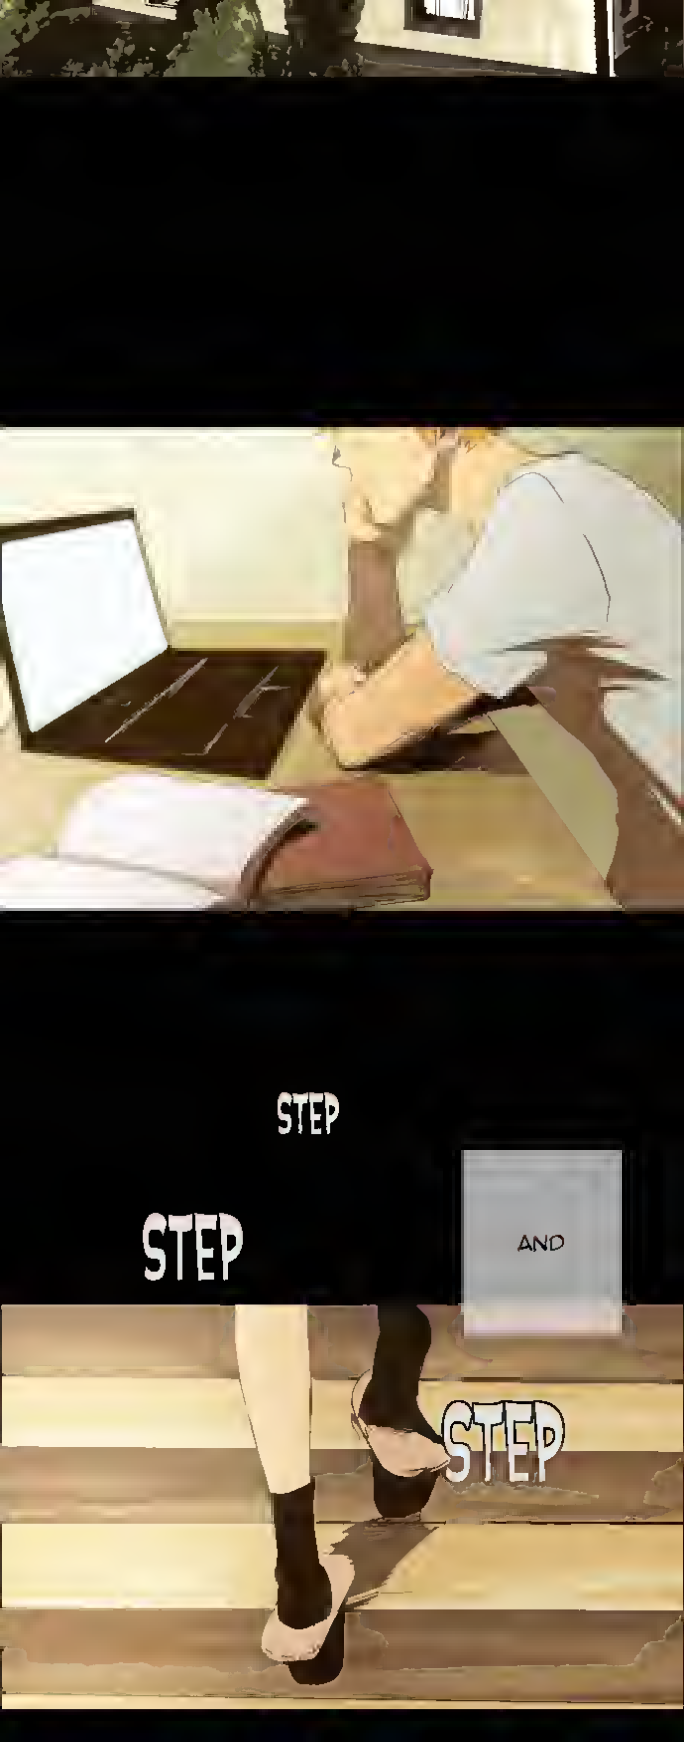

I saw it clearly.
How they were brutally killed by the Demans.
Lucy, was it? It should be...?

We just heard that a celebratory event in memorial of the attack a year ago has opened!

I apologize, but today, the person you seek is marked deceased.
WHAT?!
DE-DECEASED...? WHAT KIND OF CRAP IS THAT?!
She went missing on July 20th, correct?
Anyone reported missing during that day was to be marked deceased after a year had passed.

We're still in the middle of our journey.
We coincidently discovered this slate when we got lost in the desert.
This drawing hasn't currently been investigated yet.

Hear that?
Though it's regretful that this is only a fragment of the whole thing.
I'm sure this picture depicts the deman's ancestor.
ANCESTOR?!

Miena...
I don't want to shatter your dream, but ancestor...

Well.
You were always the type to get excited over things like this.

I have a sample that's much more interesting than this slate.
That is why I called you, a PhD in Bio.

I have a bone to pick with that guy.

He turned my sword into ash.

Oh...
I'm not going to just overlook this.

Right after that bastard was reawakened, Ares' conquest came to an immediate halt. To think he has been doing things that I'm not even aware of...

On top of that, what are his intentions anyways?!

...Ha.

Ha
Ha

Intentions?
There is no need for you to try snd grasp Ares-nim's thoughts. However,
There is also no need to get agitated over it either. As a living being, should survival be your highest priority?
What bullshit.

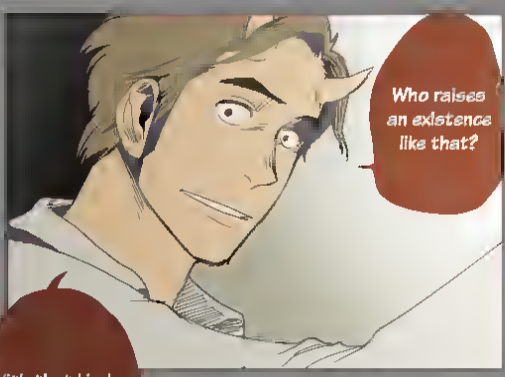

Then, allow me to explain simply.
Whether it's manhwa or a novel, villains like you appear.

I'LL KILL ALL OF YOU AND DOMINATE THE WORLD!!

With that kind of mindset you can't dominate anything.

YUZURU AT THE TENDER AGE OF 25

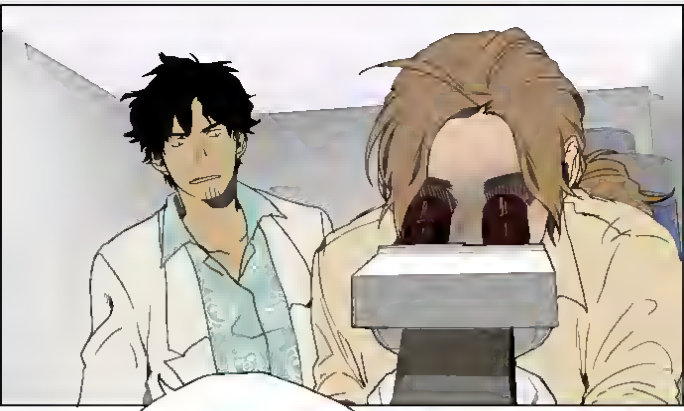

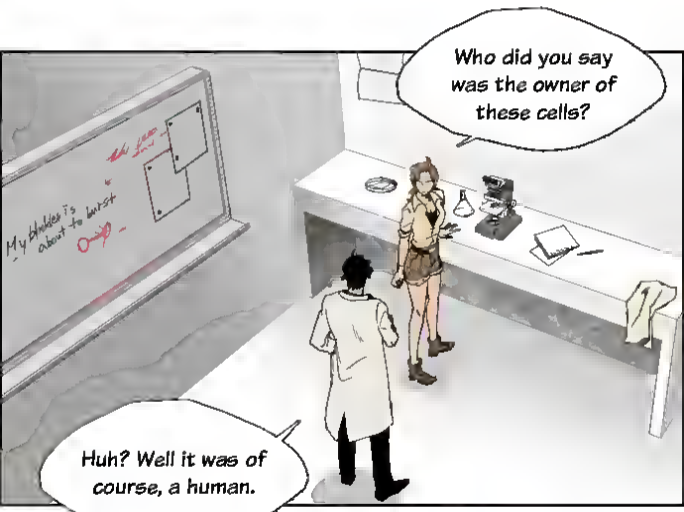

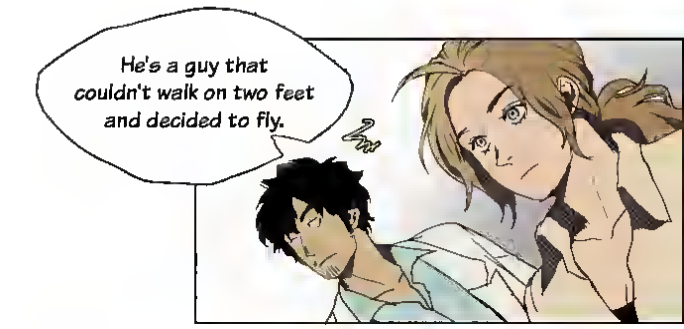

How astounding...

So, what do you think?

Who did you say was the owner of these cells?
My bladder is about to burst

Huh? Well it was of course, a human.
N-No wait... Should I say he was closer to demans instead?

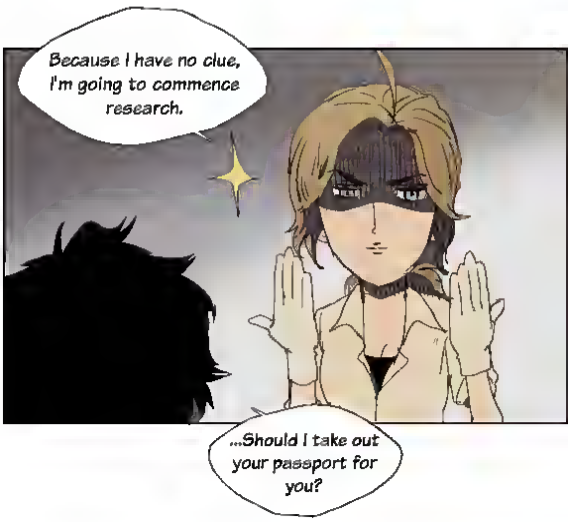

Anyways he was someone that walks on two feet.
You're joking, right?
It ain't a joke.

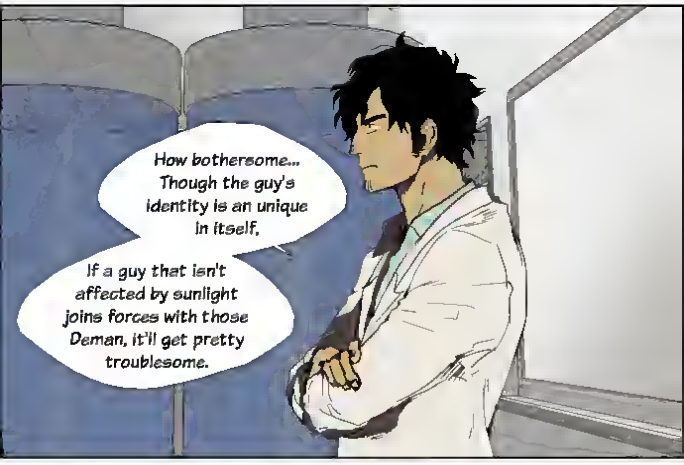

He's a guy that couldn't walk on two feet and decided to fly.

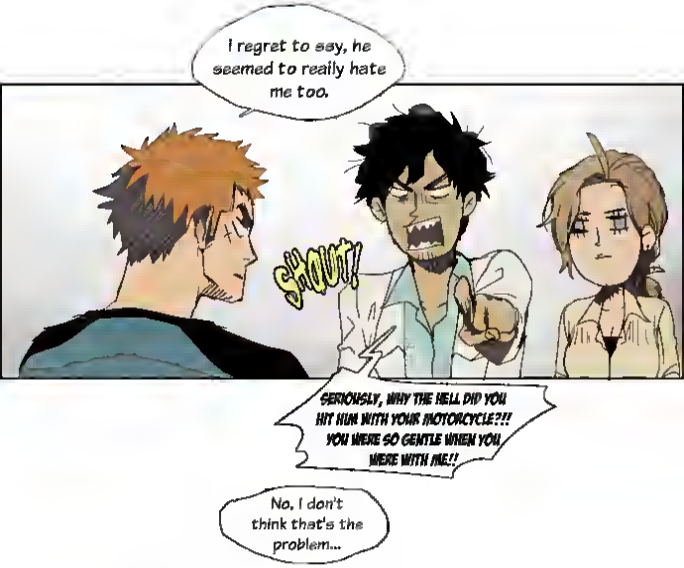

I know, since I'm the one responsible for bringing that bastard all the way here.

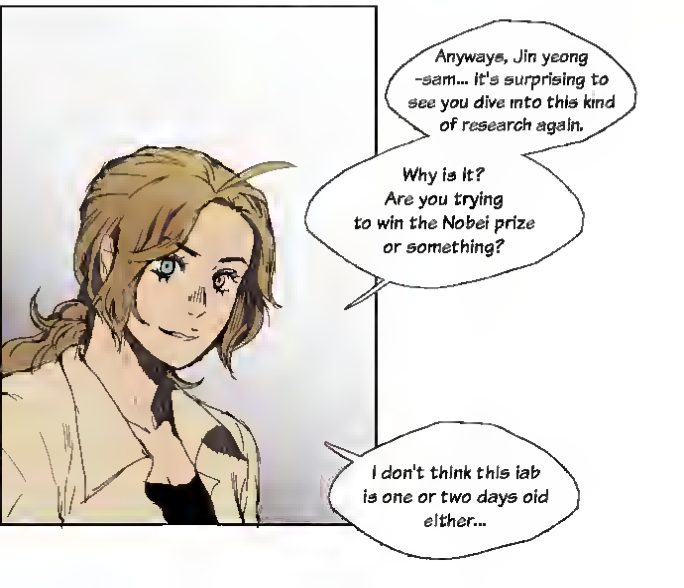

Did ya find something out?
Ah, our Biology PhD will find something out.

So, did you find something?
This is probably...

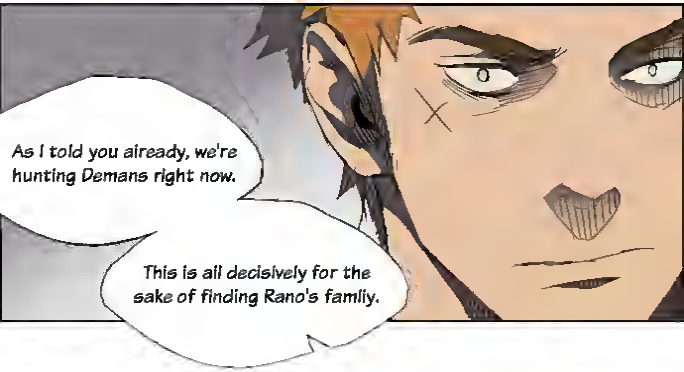

Because I have no clue, I'm going to commence research.
...Should I take out your passport for you?

How bothersome... Though the guy's identity is an unique in itself.
If a guy that isn't affected by sunlight joins forces with those Deman, it'll get pretty troublesome.

I regret to say, he seemed to really hate me too.
SHOUT!!
SERIOUSLY, WHY THE HELL DID YOU HIT HUN WITH YOUR MOTORCYCLE?!! YOU WERE SO GENTLE WHEN YOU WERE WITH ME!!
No, I don't think that's the problem...

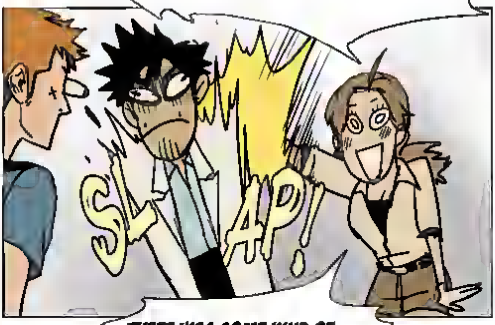

Anyways, Jin yeong -sam... it's surprising to see you dive into this kind of research again.
Why is it? Are you trying to win the Nobel prize or something?
I don't think this lab is one or two days old either...

This research isn't for the sake of research.
This is all needed in order to capture those bastards.

As I told you already, we're hunting Demans right now.
This is all decisively for the sake of finding Rano's family.

I've taken a shine to this guy, you see.

AH~!!
IT'S LIKE THAT, HUH?!

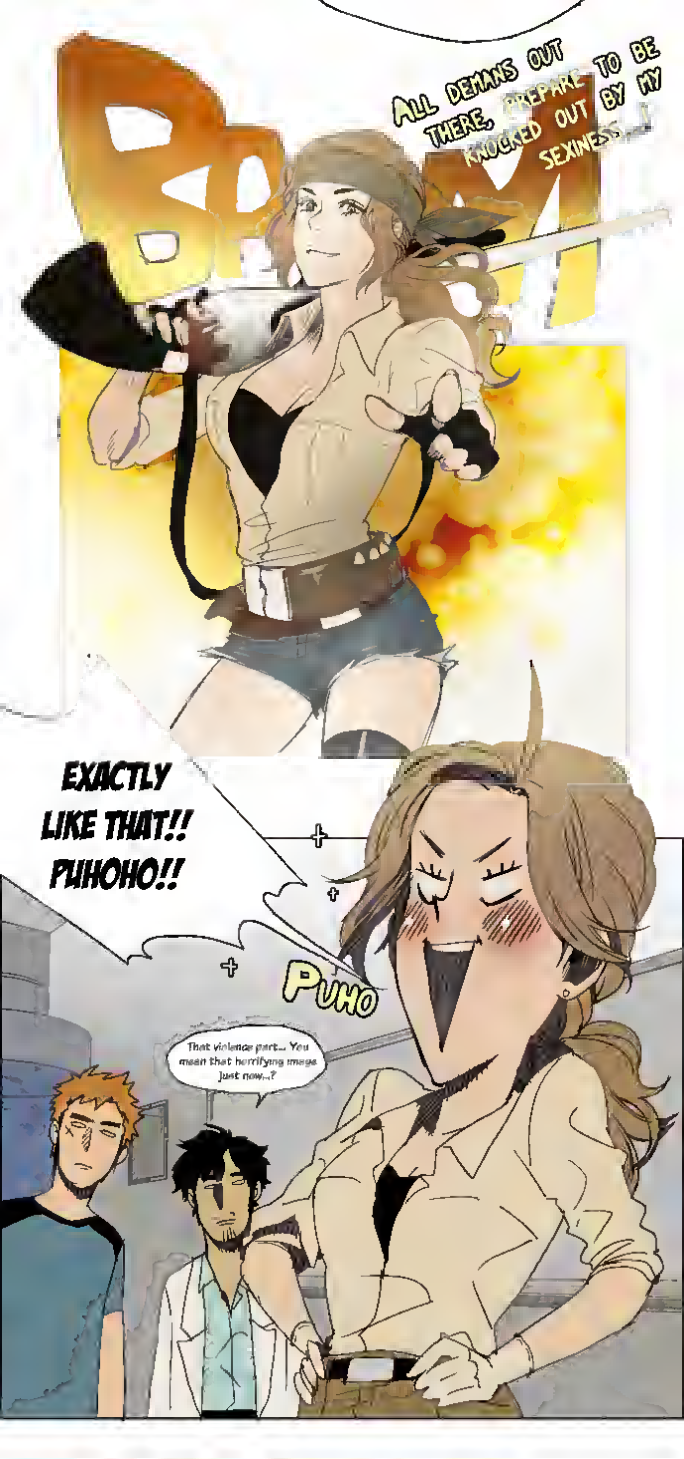

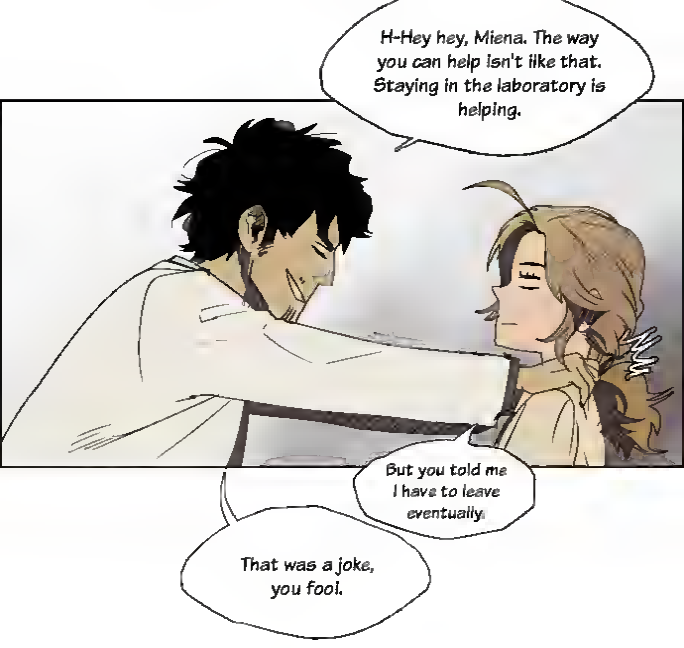

THERE WAS SOME KIND OF STORY BEHIND IT ALL~!!!

Though I'm not really sure of your circumstances, I will also fight together with you!

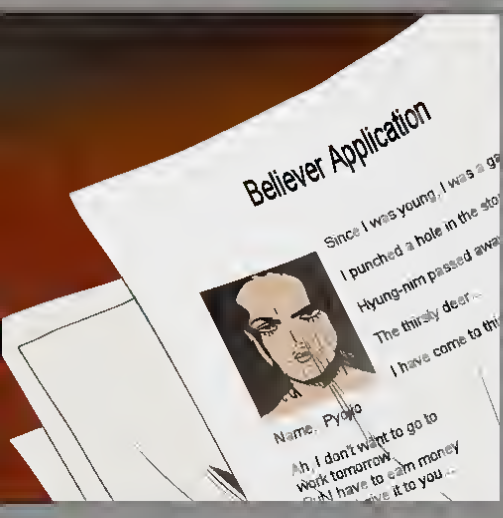

W-What...?

I'm also pretty good at fighting myself!! I'm an extremely dangerous woman, you see!

All demons out there, prepare to be knocked out by my sexiness...!
Exactly like that!! Puhoho!!
Puho
That violence part... You mean that horrifying mega just now...?

H-Hey hey, Miena. The way you can help isn't like that. Staying in the laboratory is helping.
But you told me I have to leave eventually.
That was a joke, you fool.

If you have the heart to keep on helping us, help me with some other research.
The method of turning into Deman. For now, that's the biggest problem.
The sample from the unknown being was just the tip of the iceberg, eh-.?
